## ACHIEVEMENTS

---

- Codeforces Max Rating 1489(specialist) -DraggerJd03
- Secured Global Rank: 946 in Codeforces Round 836 (Div. 2)
- Reached the pre-screening round in Smart Indian Hackathon 2022
  - Our team got prescreened in SIH 2022 where we proposed a cross-platform app for AICTE using Flutter where students could find internships and college details, download free books and more.
  - Implemented the front end design of the application using flutter
- Flipkart GRiD 4.0 Semi-finalist
  - Cleared the technical quiz round of Flipkart GRiD 4.0 which had questions from Data Structures and Algorithms, OOPS, and Numerical analysis.

## PROJECTS

---

- [Portfolio Site](#)
  - Built a responsive portfolio site using the HTML, Javascript and CSS. I implemented variable CSS to access the site in multiple colour themes and provided a dynamic UI to it by enabling light-dark mode.
- [Blog Site supported on Nodejs](#)
  - Blogging site built using html, css, javascript, bootstrap, nodejs, express
